THE CITY OF LONDON BABYLONIAN MERCHANT-BANKER-DEMON HOAX OF ALL TIME

CONTRIBUTING WRITERS | OPINION | *AMERICANS FOR INNOVATION* | APR. 19, 2023, UPDATED MAY 30, 2023 | PDF | HTTPS://TINYURL.COM/3HF2WJ95

Fig. 1—The City of London is controlled by the Pilgrims Society who carry on the pagan control of the Radhanite merchant-bankers of Babylon. "The City of London Corporation" was chartered in 1067 after the coronation of William I, William the Conqueror, on Dec. 25, 1066 at Westminster Abbey.

William was Norman (French). The Babylonian Radhanites (demon-worshipping pagans who claimed to be Jews for several millennia) already had an extensive banking and trade network through Europe and, Middle East to China.

The Radhanite merchant-bankers were forced to flee Babylon (renamed Baghdad) ahead of the armies of the Muslim Seljuk Turks in 1055 A.D.—*just 11 years earlier*. They fanned out along their extensive network of merchant-banking centers. In the process, they rebranded themselves as "Ashkenazi Jews." They had called themselves Jews for millennia while in Babylon, but they had created their unique pagan version that followed the

Talmud, Yiddish, and rabbis, rather than the Torah, Hebrew, and Prophets.

The "Ashkenazi" adjective was an 11th century fabricated moniker with no credible basis. They had also fabricated a new trading language—Yiddish, With this *newly-minted identity*, these Radhanites continued to press usury, debt slavery, fiat currency and human trafficking. Secretly, they worshipped Babylon's demon-gods of the Seven Deadly Sins, most notably Mammon—the love of money through usury, which the Prophets railed against. *See* Fig. N. below.

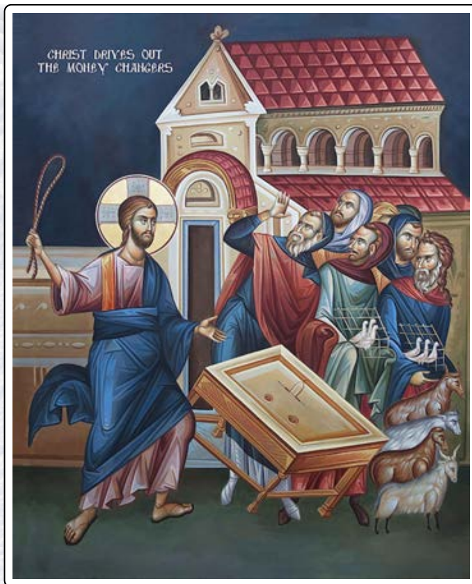

Fig. 2—Great and Holy Monday: "And Jesus entered the temple and drove out all who sold and bought in the temple, and he overturned the tables of the money-changers and the seats of those who sold pigeons. He said to them, It is written, 'My house shall be called a house of prayer,' but you make it a den of robbers.'" *Matthew 21:12-13*.

In 33 A.D., Jesus Christ had overturned the trading tables of these money-changers in the Temple on the Monday of Holy Week, having earlier been very clear about the choice each person must make:

"Synagogue of Satan"

"Behold, I will make them of the synagogue of Satan, which ***say they are Jews, and are not***, but do lie; behold, I will make them to come and worship before thy feet, and to know that I have loved thee." *Revelation 3:9.* (Emphasis added.)

"No one can serve two masters; for either he will hate the one and love the other, or else he will be loyal to the one and despise the other. You cannot serve God and mammon. *Matthew 6:24*.

CORRUPTION CENTRAL

LEGEND: Some corruptocrat photos in this blog contain a stylized Christian Celtic Wheel Cross in the background alongside the text "**Corruption Central**" meaning we have put the person's conduct under the microscope and discovered that he or she is at the center of global corruption. Judge Amy Berman Jackson asserts that it is unambiguously (to her anyway) a rifle cross hair. This shows her woeful ignorance of theology, history, symbology and engineering. It could be many things, but she clearly *wanted* to see a rifle sight (ask her about her role in Fast and Furious gun running). Others assert equally ignorantly that it is a pagan or white supremacist symbol. This stylized Christian Chi-Rho Cross dates to 312 A.D. when Emperor Constantine adopted the symbol after his history-changing "By this sign, you shall conquer" vision on the Milvian Bridge. A similar Wheel Cross form was widely used in Ireland by the eighth century. The triple entendre indicates that the person's corrupt life, when studied under a microscope, has been found wanting, but that there is hope in Christ if the person repents from his or her wicked ways. It triples as a reticle or graticule built into all sorts of eyepieces in microscopes, oscilloscopes, surveying instruments, astronomy optics, precision pointers, binoculars, etching equipment, and yes, gun sights, but also computer mouse pointers! Therefore, to claim that it could only mean a gun sight, as Judge Jackson did, is truly ignorant. As shown, it is a call to prayer and repentance based upon microscopic observation of the corruptcrat's conduct. For Judge Jackson to use her ignorance of this symbol as the excuse to gag Roger Stone's FREE SPEECH right to defend himself is heinous abuse of authority. Chief Justice John Roberts should censor her immediately. Patriots must demand it.

This is nonsensical considering Wikipedia had earlier written:

GIBSON DUNN LLP exposed as one of the most corrupt law firms in America

Investigative Reporter Julia Davis investigates **Facebook's *Leader v. Facebook*** attorney **Gibson Dunn LLP**. She credits this firm with the reason why not a single Wall Street banker has gone to jail since 2008. **Click here** to read her article "Everybody hates whistleblowers." *Examiner.com*, Apr. 10, 2012. Here's an excerpt:

> "Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

This statement followed right after Davis cited Facebook's chief inside counsel in the *Leader v. Facebook* case, Theodore Ullyot, who appears to have helped lead the *Leader v. Facebook* judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. **Click here** for a PDF version of Julie Davis' article.

OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

. . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The *Leader v. Facebook* patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar

p. 66: "In some of the western counties, Gloucester, Worcester, Hereford, Shropshire, there are *rachenistres* or *radmans*; between the Ribble and the Mersey we may find a party of *drengs*."
p. 308: "These men may be bound to fight at the bishop's call, but fighting is not their main business; they are not professional warriors. They are the predecessors not of the military tenants of the twelfth century, but of the *radchenistres*, and *radmanni* of *The Domesday Book*, the *rodknights* of Bracton's text, the thegns and drengs of the northern counties who puzzle the lawyers of the Angevin time."
p. 329: "The *geneat* (who becomes a *villanus* in the Latin version of our document that was made by a Norman clerk of Henry I.'s reign) is a riding-man, radman, radcniht, with a horse."

Notably, The massive Norman estate of the sheltered port of Berkeley in Gloucester had **19 radknights**. That estate was created by William the Conqueror's chief *aide de camp*, Earl William FitzOsbern, one of the first English peers who helped William I lead the invasion of England. Berkeley is the home of Edward Jenner (1749-1823) "the father of vaccines."

How many radknights does it take to seize The City of London? 19 is enough.

MISLEADING SOPHISTRY IN THE SIX-PAGE WIKPEDIA "RADHANITE" ENTRY:

Wikipedia's propaganda is replete with sophistry like "another hypothesis," "Muslim polities, " "may have been...," "unstable routes," "fall of the Tang dynasty," and "rise of Italian city-states."

DEMONIC HISTORIANS REBRANDED "BABYLONIAN RADHANITES" AS "ASHKENAZI" JEWISH MERCHANT-BANKERS

This is because these lying historians needed to *disappear* the "Radhanites" in order to introduce "Ashkenazi Jews."

subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored shocking new evidence that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on *Leader v. Facebook* until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

Ashkenaz was a great grandson of Noah and not at all notable.

Why do these highly-paid historians lie?

Because they are themselves possessed by the demon of Mammon—the love of money, the root of all evil. One need not look any further than the Babylonian Radhanite/Radknight/Ashkenazi who bankrolled them. Follow the money.

HISTORY HAS BECOME CYCLICAL, LAYERED DEMON POSSESSION

According to authorities on demon possession, every time someone reads or hears a lie, and acts on it, another demon possesses them. Repentance and forgiveness can cast out that demon, but absent that, that demon possession gets progressively worse until one's "conscience [becomes] seared with a hot iron." I Timothy 4:2.

discovery and blocked Leader from preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. He also permitted the jury to ignore the *Pfaff v. Wells Electronics, Inc.* test for on-sale bar, even after instructing the jury to use it. (See that Jury Instruction No. 4.7 here.) He also contradicted his own instruction to Leader to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. Facebook's entire on-sale bar case is based upon this interrogatory. (*Editorial*: Hardly sufficient to meet the "heavy burden" of the clear and convincing evidence standard.)

Judge Lourie also failed to apply his own law-test in *Group One v. Hallmark Cards* to the evidence. After debunking all of Facebook's evidence on appeal, Judge Lourie created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

> These historians have hidden the Babylonian pagan religion of merchant-banking (usury, debt, slavery) and have kept that secret hidden from humanity since soon after the Flood of Noah.

PRIME MINISTER BENJAMIN DISRAELI (1868–1880) PROMOTED THE DEMONS OF THIS BABYLONIAN RADHANITE HISTORY HOAX

Benjamin Disraeli (Earl of Beaconsfield) wrote "London is a modern Babylon" in *Tancred* (1847). Twenty-one years later, Disraeli became British prime minister (1868-1869, 1874-1880). He began to advocate a new British imperialism in league with British and American bankers including N.M. Rothschild, George Peabody, Junius and John Morgan, Rockefellers, Warburgs, Schiffs, Churchill, Rhodes, Milner, Lord Rosebery, Lord Pirbright, Boston Brahmins, Barclay (Bevan) Brothers, and Baring Brothers, among others. These men used their

undisclosed holdings in Facebook. See disclosure of substantial holdings in Facebook and Facebook-related stocks.

Judge Moore failed to follow the long-held precedent for testing on-sale bar evidence in *Pfaff v. Wells Electronics, Inc.*—an evident and intentional omission coming from a former patent law professor. After debunking all of Facebook's evidence on appeal, Judge Moore created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

Judge Evan J. Wallach, U.S. Court of Appeals for the Federal Circuit, member of the three-judge panel in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Wallach is not a patent attorney. This begs the question as to why a judge with no knowledge of patent law was assigned to the case. Would anyone ask a dentist to perform brain surgery? The Federal Circuit was specially formed to appoint patent-knowledgeable judges to patent cases. There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although when he was asked on a motion to disclose potential Facebook holdings and other conflicts of interest, he refused along with the other judges. See Motion to Disclose Conflicts of Interest. Judge Wallach continued in silence even after Clerk of Court Horbaly failed to provide him with Dr. Lakshmi Arunachalam's motions (according to his Federal Circuit staffer Valeri White), and yet the Clerk signed an order regarding that motion on Judge Wallach's behalf. See a full analysis of these events at Donna Kline Now! Judge Wallach also failed to police his court's violation of Leader's Fifth and 14th Amendment constitutional right to due process when he participated in the fabrication of new arguments and evidence for Facebook in the secrecy of judge's chambers after he had just invalidated Facebook's sole remaining item of evidence (using disbelieved testimony as ostensible

secret demonic power over money to subdue the world.

In Disraeli's novel *Tancred*, Eva, a beautiful Jewish protagonist, lured a young Lord Montacute into the glories of past Middle Eastern civilizations. His father hoped the Babylonian glories of London would convince him to stay in London— the new Babylon.

DEMON MAMMON RULES THE CITY OF LONDON

Pagan Babylonian Radhanite merchant-bankers seized control of England at the Battle of Hastings in 1066 A.D.—England was seized by Mammon at inception.

Edward the Confessor and William the Conqueror relied on the Babylonian Radhanite merchant-bankers in the founding of Britain, most notably The City of London.

Disraeli knew the secret that The City of London was (and still is) controlled by Babylonian pagan merchant-bankers and that their power emanated from the Seven Deadly Sins.

evidence of an opposite). Judge Wallach also failed to police his court when he failed to apply the Supreme Court's *Pfaff v. Wells Electronics, Inc.* test for on-sale bar evidence, which included even the Federal Circuit's own *Group One v. Hallmark Cards, Inc.* test—a test which Judge Lourie should have advised Judge Wallach to follow since Judge Lourie *helped write* that opinion. *Group One* test omission analysis.

Clerk of Court Jan Horbaly, U.S. Court of Appeals for the Federal Circuit, clerk who signed all the opinions in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Clerk Horbaly and his staff obfuscated when the court's ruling was challenged by an *amicus curiae* brief revealing clear mistakes of law and new evidence. See analysis of the misconduct and misrepresentations within the Federal Circuit Clerk of Court in *Leader v. Facebook*. Mr. Horbaly failed to disclose his conflicts of interest and close associations with numerous Facebook attorneys and law firms, as well as his close association with one of Facebook's largest shareholders, Microsoft, who is a Director of The Federal Circuit Bar Association where Mr. Horbaly is an ex officio officer. Additionally, the DC Bar revealed in a written statement that Clerk Horbaly is not licensed to practice law in the District of Columbia. [Editorial: What does that make the Federal Circuit with its location within in a stone's throw of the White House? A self-governing state?]

Judge Randall R. Rader, U.S. Court of Appeals for the Federal Circuit, chief judge responsible for the (mis)conduct of his judges and Clerk of Court in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Rader failed to manage his court resulting in a likely situation where his judges never even received briefs that

Disraeli betrayed this knowing in such writings as “What can withstand the united influence of taste, wealth, and commerce?” as if these supplant the Golden Rule: “Do to others as you would have them do to you..” Matthew 7:12; Luke 6:31. These pagan merchant-banker practice the demonic opposite.

Today, we have known that our modern day merchant-bankers thrive on creating debt slaves. They cannot win unless their victims lose. This is demonic.

Who are these Babylonian Radhanite merchant-banker demons we are encountering?

THE BABYLONIANS WORSHIPPED MANY DEMONS, INCLUDING MAMMON

While singing the praises of Babylonian luxuries, Disraeli failed to point out that the Babylonians worshipped demon-gods as the source of these luxuries.

These Babylonian demons include Asmodeus, Ba’al, Baphomet, Beelzebub, Behemoth, Ishtar, Legion, Leviathan, Lucifer, Mammon, Marduk, Moloch, Pazuzu, Satan, Agrat bat Maḥlat, Alu,

they allegedly ruled on in favor of Facebook. Judge Rader also failed to disclose his conflicting relationships with a Leader principle with whom he may have had deep professional differences during his time at the Senate Judiciary Committee—his former professor of law at George Washington University Law Center, former Leader director Professor James P. Chandler. See analysis of Judge Rader's undisclosed conflicts of interest in *Leader v. Facebook*. Judge Rader also did not stop his judges from creating new arguments and evidence for Facebook in the secrecy of chambers—after they had debunked all of Facebook's evidence on appeal, which is a clear breach of constitutional due process.

Since before Solomon's time, members of the Tribe of Judah had migrated from Jerusalem to the great city of Babylon. If they had not already intermarried with their earlier Assyrian captors, they continued to intermarry with their neighbors, forsook the God of Israel, worshipped Babylon's many gods, and became the leading merchants, bankers, judges, tax collectors, law enforcement and governors of the Babylonian Empire.

THE "JEWS" (IN NAME ONLY) OF BABYLON FORSOOK THE GOD OF ISRAEL FOR BABYLON'S DEMON-GODS

Some of these apostate Babylonians retained vestigial Jewish names, but their Hebrew-ness had long since disappeared into a mingling of blood from the merchant-banking traders routes of the Silk Road: Turks, Assyrians, Persians, Sogdians, Chinese and later Khazarian.

Remarkably, the Chinese anciently noticed a distinguishing trait of this mingled DNA—a pronounced hooked,

Solomon's gold empowered debt slavery to take on global proportions. Mammon most surely lured him into this greatest of sins. The Bible describes his greed and lust in great detail.

The Babylonian "Jewish" Banking House of Murašu & Sons (5th century B.C.)

Shown above is the front of a banking receipt for the partial payment of a year's rent on lands leased to the **Murašu & Sons** banking firm. The payer representing the firm, however, is otherwise unattested. Naqqitu, daughter of Murašu, is mentioned. The fragment dates itself to 9/5/24 Artaxerxes I= **Aug. 8, 436 B.C.**) and Naqqitu's patronym allows her to be placed in the same generation as Murašu sons. This item is among 879 well-preserved terra cotta tablets of business records of the powerful Babylonian "Jewish" bankers Murašu & Sons. The 19th century historian Zénaïde Alexeïevna Ragozina (1834-1924) termed the contemporaneous "Jewish" Banking House of **Agibi & Sons** analogous to **"Babylonian Rothschilds"** whose more than 3,000 terra-cotta jars of banking records were unearthed in 1874 A.D.

By then, Exodus Jews had so long intermingled with the surrounding pagan populations along the Silk Road that they had become Bablylonian, Turkic, Sogdian, even some Chinese by blood according to new genetic findings. 1500 years later they were called "Rhadanites" (meaning from the vicinity of Babylon), were still Silk Road bankers and merchants, and shared ancestral blood with the Turkic Khazarian tribes, guardians of a new "northern route" of the Silk Road. In short, they lost their Hebrew identity 1500 years before their rebranding as "Azhkenazi" ca. 1000 A.D. following the disruption of the "southern route" of the Silk Road, the conquest of Babylon by the Seljuk Turk Moslems and the Seljuk loss of Jerusalem in the First Crusade (1096–1099 A.D.).

DESTROYED BY THE BRITISH EAST INDIA COMPANY IN 1855

Contemporaneous to the discovery of these Egibi archives was the earlier disappearing of 56 tons of Babylonian antiquities in May 1855 called the "Al-Qurnah Disaster."

It was orchestrated by Sir Henry ("Indiana Jones") Rawlinson of the British East India Company. The current curator of the British Museum, Irving Finkel, gave Rawlinson this discrediting title.

Rawlinson was evidently tasked to *destroy* the evidence proving the connection between The City of London and pagan Babylonian Radhanite merchant-banking.

The Talmud essentially replaced the Torah for the fake Jews of Babylon. It empowered rabbis at the expense of the Torah and the Prophets. It sanctioned thousands of exemptions and justifications for usury, interest, debt, slavery and empowered rabbis to define their Judaism however they liked.

They became the Jewish version of the church of the prosperity gospel.

Now we must roll the history timeline forward 1,200 years to ca. 870 A.D. when Babylonian geographer (mentioned earlier), spy chief and post master Ibn Khordadbeh wrote *Book of Roads and Kingdoms*. He described four main trade routes used by the Radhanites.

The four routes span Scandinavia, England, France and Spain in the west through Russia, Germany Poland, Byzantium, Khazaria and Egypt thorough Russia, Middle East and Indian Ocean in the east then to China.

In short, the thoroughly pagan Babylonian Radhanites controlled money and merchant-banking throughout the known world by leveraging their control of Solomon's gold.

The Radhanites maintained a veneer of Jewishness (in the good Sabbatean and Frankian spirit of the time), but by the time Ibn Khordadbeh wrote *Book of Roads and Kingdoms* their credibility at being ostensibly Jewish was waning. The façade was not fooling anyone.

As the conflicts between the Babylonian Persians and the Muslim Seljuk Turks to their east ramped up, the Radhanites made arrangements to open a northern Silk Road route to Europe. It was a hedge against the day when Babylon might fall to the Seljuk Turks.

In that context, they convinced their northern pagan neighbors in Khazaria, Crimea to "convert" to Judaism and open that route. This *faux conversion* (a pragmatic business deal, pagan to pagan) of the Khazarians in 861 A.D. cemented the northern route for the Babylonian Radhanites. It insured their continued flow of commerce to Russia and Europe.

Babylon (by then renamed Baghdad) fell to the Seljuk Turks in 1055 A.D., but the Radhanites had already secured their northern route on the Silk Road through

HOW TO FILE A FRAUD COMPLAINT AGAINST A UNIVERSITY

The following universities were announced as participants in Ohio State Provost Joseph A. Steinmetz's corrupt MOOC education initiative named "University Innovation Alliance" (UIA). We have identified the instructions and online forms you need to file a complaint with the participants. MOOC stands for "Massive Open Online Course."

You should complain about:

(1) the intellectual property theft of social networking source code from Leader Technologies, Columbus, Ohio that is the software engine running the UIA;

(2) the corruption at Ohio State University and OSU's collusion with Battelle Memorial Institute which helped steal the software being used by UIA; and

(3) the mistreatement of OSU Marching Band Director Jon Waters regarding fabricated Title IX charges that were used to pave the way for Steinmetz to announce UIA.

Universities pride themselves on protection of intellectual property.

Therefore, these universities cannot participate in this abuse of inventor copyrights, patents and trade secrets by The Ohio State Trustees and Administration. If these universities participate knowingly with Ohio State in its theft of intellectual property, then they are aiding and abetting

Khazaria for several hundred years before falling in 960 A.D. to Grand Prince Sviatoslav (Sviatoslav I Igorevich), ruler of the Rus kingdom (Kievan Rus, r. 945-972 A.D.), who were not unfriendly to Silk Road trade.

YIDDISH, 10TH CENTURY

At this same time in the 10th century, the Babylonian Talmudic merchant-banker “Jews” also created a secret trading language—Yiddish.

Yiddish allowed them to replace Sogdian and continue controlling the Silk Road merchant-banker trade with a unique language only the insiders knew—*the definition of insider trading!*

One Yiddish whisper, sent by fast pony along the Silk Road, could raise or lower commodity prices at will. This ensured the Yiddish fake Jewish Babylonian Radhanite merchant-banking houses always got their way.

By this time, these Babylonian Radhanite merchant-bankers had an image problem as well as a practical one.

They needed somewhere besides Baghdad (Babylon) to store their Solomonic gold, and with their aquiline hooked-nose genetic peculiarity, ***they no longer looked like Semitic Jews***.

In Western Europe, the fake Jew façade of these ancient Babylonian Radhanite pagan merchant-bankers had become obvious.

ASCHKENAZI, 11TH CENTURY

Then, in the 11th century, these hooked-nose Babylonian Radhanite merchant-banker pagans rebranded themselves as "Ashkenazi" Jews.

Thus began the historic connection between Ashkenazi "Jews" and hooked-noses. Quite a blood hoax.

"ASHKENAZI" WAS MADE UP IN THE 11TH CENTURY

Ashkenaz was a great grandson of Noah, he was not a separate Semitic bloodline. In other words, the label "Ashkenazi Jew" was made up by Babylonian Radhanite merchant-bankers to pretend to be Jewish for credibility purposes

To further confuse this made-up identity makeover, they convinced their fellow pagan Khazarians in the Crimea to ostensibly convert to Judaism as well. This Khazarian "conversion" never ran deep and was a business move so as to be included in the lucrative deal-making, trading and banking on the Silk Road.

Modern DNA evidence proves that Ashkenazi Jews are neither Hebrew nor even Semitic. Notably, the Rothschild families systematically refuse to submit to DNA tests. Now we know why.

Babylonian Radhanite pagan merchant-bankers were already arrayed across Western Europe and were funding innumerable wars.

In various archive writings they are referred to as:

RADHANITE-ASHKENAZI FAKE JEWISH MERCHANT-BANKERS HIJACKED ENGLAND AT INCEPTION

The political disunity in medieval England likely drove the Radhanites to concentrate on seizing control of the disunited English counties. This worked. They gained their ascendancy of the "Shires" at about the time of a weak Edward the Confessor (1003-1066 A.D.):

The seat of the Treasury under the Anglo-Saxons was the landlocked City of Winchester, 60 miles south west of London, 14 miles from Southampton

The “radknights” centered themselves in the City of London and among the Anglo-Saxon barons. Some were manor owners themselves. *The Domesday Book* verifies that in the vast estate of **Berkeley, Gloucestershire** - "There were 29 radknights, 162 villeins, 147 bordiers, 22 coliberts, 161 male and female serfs, besides some unenumerated men of the radknights." *See* Fig. N above.

LONDON, CA. 1066

Click image to enlarge.

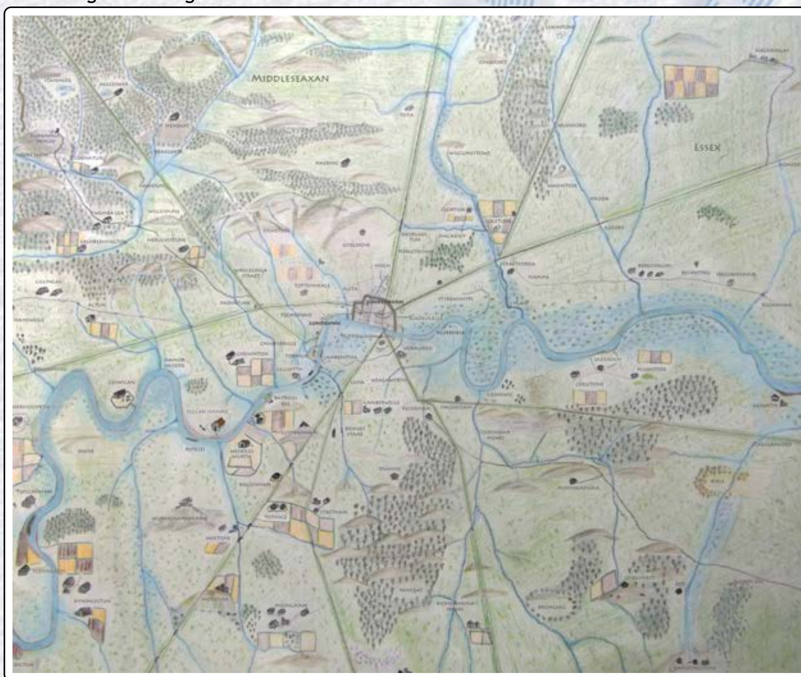

Fig. 20—London, ca. 1066. At the time of the Battle of Hastings and the coronation of the Norman (Frenchman) William I ("The Conqueror") on Dec. 25, 1066.

At Edward the Confessors' death on Jan. 05, 1066, William I from Normandy, France, challenged for the throne and won at the Battle of Hastings on Oct. 14, 1066.

William I renamed himself "William the Conqueror" at his coronation at Westminster Abbey on Dec. 25, 1066.

Radknights were arrayed across the propertied barony estates of England, France, Belgium, Denmark, German and Scandinavia. They did exactly what the "Jewish" merchant-banker Radhanites had done in Babylon for millennia (taxes, property, contracts, money lending, usury, tribute, spying, propaganda, war, police, law, etc.) to maintain their control over the economy.

RAD-KNIGHTS & THE CITY OF LONDON FOUNDING, 1067

Curiously, the term "~~rad~~knight" first came into use at this time.

One of William the Conqueror's first acts after his coronation on Dec. 25, 1066

was to given a charter to The City of London in 1067:

> "William the king, friendly salutes William the bishop and Godfrey the portreeve and all the burgesses within London both French and English. And I declare that I grant you to be all law-worthy, as you were in the days of King Edward; And I grant that every child shall be his father's heir, after his father's days; And I will not suffer any person to do you wrong; God keep you"

The document reflected William's recognition of the importance of London, and its concentration of trade and wealth, which he wished to safeguard.

Port-reeve is "port warden" possessing authority over a town; Lord Geoffrey I de Mandeville, portreeve, Sire of Essex, Constable of the Tower of London.

William the Bishop of London was William the Norman (d. 1075) consecrated in 1051.

Burgesses were members of the City of London governing council.

Inherited titles within The City of London were to be inherited from father to son in perpetuity.

Most certainly The City of London was controlled by pagan Babylonian Radhanite merchant-bankers who had been trading there for centuries, as numerous early histories verify.

Indeed, English translations of Ibn Khordadbeh's work *Book of Roads and Kingdoms* were circulating, hence the French and English did not even bother to change their name: they were Radknight banker-merchants from Babylon, the anglicized version of Radhanites. Everybody knew that.

These Rad-knights, sometimes called "Riding knights" took several forms.

If they were tough and burly, they became the King's armed fighting soldiers managed by the lords of the manor—Knights.

If they were small in stature, they handled the King's business and finances also as “Riding knights” who accompanied the lord of the manor in

enforcing tax collection and property management for the lord and the king.

Whether these knights were pagans or Jewish, made no difference to the barons and king, they collected the loans and taxes *with interest*.

In this milieu, these “Radknights” reinforced their Talmudic, Yiddish-speaking Babylonian Jewish veneer by renaming themselves “Ashkenazi Jews” replete with their Sogdian aquiline noses.

In this way, Babylonian Radhanite merchant bankers pagans:

1. maintained their respectability as one of the "Big Three" Abrahamic religions,
2. avoided the stigma of being pagans who worshiped a pantheon of demon-gods, most notably Mammon, Moloch, Lucifer, Asmodeus, Lilith, Ishtar, Arhiman and Ba’al (even though they continued to practice their demon worship in secret societies),
3. had an excuse to speak Yiddish to negotiate merchant-banking deals uncontrolled by Christians,
4. could use “pogroms” as the perennial excuse for crashing markets overburdened by their compound debt instruments, and
5. used the anti-Semitic epithet if they were ever criticized too aggressively (today the Anti-Defamation League—ADL).

Rad-knights disappeared almost overnight from history, but knighthoods

became a staple for the Yiddish insiders merchant-banker smoker clubs in The City of London.

The aristocratic title of knight survives to this day as a reward for cooperative demonic conduct, and as a hedge against betrayal of their secrets.

Wikipedia volunteers that “The Radhanites had mostly disappeared by the end of the 10th century.”

Wikipedia lies.

Truth is, as we have shown, the Radknights took over The City of London after 1067. They also moved Solomon’s gold to London that is today called the London Bullion Market. That gold has since been supplemented by Nazi and Yamasheta gold. Lord JAcob Rothschild and Baron Michael Farmer (Candace Owens' newly-minted father-in-law) oversee this gold for the Pilgrims Society.

Fig. 21—Charter for The City of London Corporation (1067 A.D.). This charter is the oldest document in the archive of the City of London Corporation. (Click here to download the *.jpg image, check the Downloads folder.)

The charter was drawn up soon after William's coronation in Westminster Abbey in December 1066. Following the Battle of Hastings in October 1066 William had subjugated much of the south-east of England as he marched towards London. With the City of London however he used a different approach, recognizing the importance of safeguarding its wealth and international trading links. A peaceful agreement with Londoners was reached, seen in this charter which is written in Old English (not William's native Norman French) and in the established form of administrative letter used by English kings.

This charter is the earliest known royal document in Europe to guarantee the collective rights of all (not just a specific group of) the inhabitants of a town. The charter bears the earliest surviving impression of the seal of the new King of England. *Source*: London Metropolitan Archives.

The dragon is a symbol among the heathen. It was a title of supreme power among the early British. Note that St. George's sword is tamed by the dragons and that rad-knight's helmet also contains a dragon's wing.

This symbolism of the domination of evil over the good is intentional, not coincidental or accidental The subsequent demon-possessed persons who have led the City of London since 1067 is meticulously preserved. Few historical records spanning 833 years are so complete and detailed:

After The City of London charter, William the Conqueror ordered a comprehensive census called *The Domesday Book* to catalog all property and wealth in England so he could tax and control it. The Rad-knights, by then renamed Ashkenazi "Jews" were only too

willing to facilitate the national inventory.

> "The king acquired an exact knowledge of all the possessions of the crown.
>
> Sound like the IRS, Federal Reserve, H.M. Treasury prison planet?

See Edward Baines, Esq. M.P. (1836). History of the County Palatine and Duchy of Lancaster, pdf p. 131. Deane Church.

Baines says *The Domesday Book* was commissioned in 1080 A.D. and completed in two volumes in 1086.

According to The National Archives (UK), the tax rad-knights *cum* Ashkenazi "Jews" asked these questions:

1. What is the manor called?
2. Who held it in the time of King Edward (in 1066)?
3. Who holds it now (in 1086)?
4. How many hides [one hide is 120 acres] are there?
5. How many plough (team)s on the demesne (local lord's own land) and among the men (rest of the village)?
6. How many free men, sokemen, villans, cotta[ge]rs, slaves?
7. How much woodland, meadow, pasture, mills, fisheries?
8. How much has been added to or taken away from the manor?

9. How much was the whole worth (1066) and how much now (1086)?
10. How much had or has each freeman and each sokeman?

All the above questions to be recorded three times: in the time of King Edward (1066), when William gave it (often 1066), and now (1086).

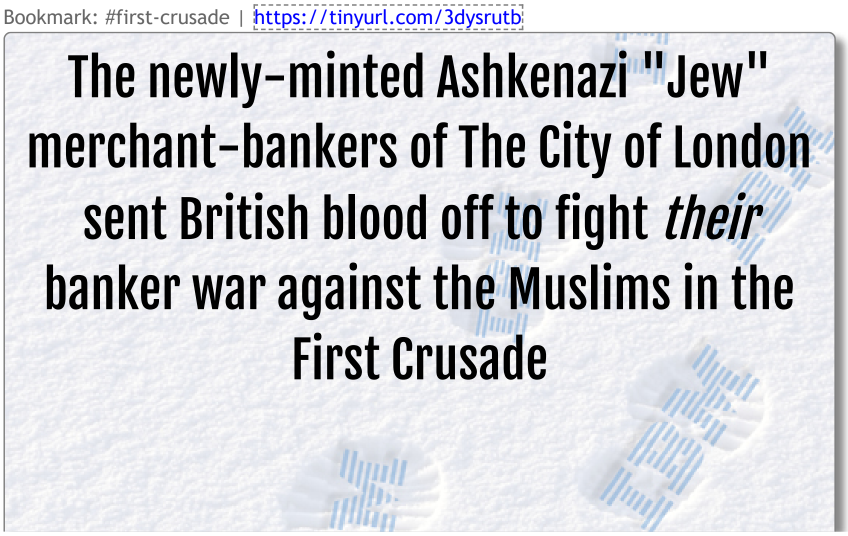

And whether more can be had than is had (in other words, can the manor raise more tax revenue)?

As they had done back to Babylon, millennia earlier, the Babylon Radhanite merchant-bankers ordered a full inventory of the properties that they would tax and dominate.

What did those early English Babylonian Radhanite merchant-bankers class(cum newly-minted Ashkenazi "Jews") do with their fresh English victims?

They loaned them money to march off to the Holy Land to try and defeat the Seljuk Turks who had conquered both (their) Babylon and Jerusalem.

Fig. 23—The Babylonian Radhanite *cum* newly-minted Ashkenazi "Jew" merchant-banker pagans almost immediately began loaning money to crusader knights to march off to the Holy Land, ostensibly to liberate Jerusalem from their Seljuk Turk enemies. But in reality, they wanted them to liberate their homeland in Babylon. May the Lord have mercy on all the crusaders who became victims of Mammon's treachery.

With the seizure of England and England's navy, the Babylonian Radhanites quickly abandoned their interest in the Khazarian northern route to China.

No doubt they were confident that the Crusaders would defeat the Seljuk Turks, retake Babylon, and reestablish their southern route on the Silk Road.

Remarkably, in the first Crusade, the Crusaders discovered in the Siege of Antioch the Holy Lance used by St. Longinus to pierce the side of Christ. Instructed in a dream, they carried the lance to the promised victory against the Seljuk Turk occupiers in Jerusalem.

Fig. 25—The Roman Centurion with Christ at Golgatha is said to have been healed when Christ's blood sprayed on him once he pierced Jesus' side with his centurion spear. His name is St. Longinus and he went on to become a Christian martyrdom. His feast day is commemorated in both the Orthodox Christian and Roman Catholic churches today. The Holy Trinity icon depicts the three angels who visited Abraham and Sarah at the Oaks of Mamré. This recently commissioned icon was modeled on the famed Andrei Rublev Icon of the Holy Trinity written ca. 1408 and 1425 that is now in the Lavra Monastery dedicated to the Trinity, 70 km from Moscow. The spear head shown above has been affirmatively dated to Israel in the 1st century A.D. and the alloy and shape are definitively confirmed to be those of a Roman centurion. According to the expert who tested it in Spain, it is the most well-preserved 1st century Roman centurion spear he has ever seen. It was discovered in the 20th century at the site of a Knights Templar consistory. Healings and miracles have occurred, and are occurring, among those in the presence of this lance.

With the ascendancy of England as a maritime power for trade, banking, money and war, the next 1200 years to today was set in motion for the

Babylonian Radhanite merchant-banker pagans.

4. The Manhattan Company (1799), now JPMorgan Chase

On Jun. 05-28,1909, the British Babylonian-Radhanites merchant-bankers updated their control of intelligence, propaganda, Reuters, AP, biowarfare and technology through the Pilgrims Society and their First Imperial Press Conference, 1909.

The City of London Corporation's tyranny is controlled by Babylonian-Radhanite merchant-bankers who worship the demon-gods of Babylon via the Pilgrims Society.

The demons who control America’s banks are named in this article. They dwell in The City of London Corporation and are directed by the Pilgrims Society.

Now let us get to work exorcising these demons.

They must obey the righteous and are overcome with love.
